

# Zay Yar Lin Htut

Full-Stack Developer

## Education

**2020 – 2023**
### NCC L4 (Diploma in Computing)
MST College

**2023 – 2024**
### NCC L5 (Advance Diploma in Computing)
MST College

**2024 – 2025**
### Bachelor of Science (Computing)
KMD / University of Greenwich

## Experience

**2024 – 2025**
### School Projects
Developed a cloud-deployed Vehicle Rental Platform using Laravel, React.js, Cloudflare R2, and MySQL for my final-year project. Also worked as a Backend Developer for a school magazine website, building RESTful APIs and managing media assets through AWS S3.

**2025 – 2025**
### Data / AI Infrastructure Intern
118/B Thanlwin Rd, Yangon - **My Day Thu Kywal**

Built infrastructure and integration pipelines for AI initiatives, managing Linux servers via SSH and deploying MinIO Object Storage for centralized datasets. Developed RESTful APIs to expose trained ML models for web applications and collaborated with the team using Git.

**2025 – 2026**
### Junior Developer
MyaKhwarNyo Housing, No.1/A MyaKhwarNyo 3rd Street, Yangon - **Thetys Myanmar**

Worked on full-stack development and platform maintenance across key client projects. Developed backend APIs using C# .NET Core, built Vue 3 UI components, integrated Hangfire jobs, and implemented PDF/Excel generation and email services. Also contributed to HR platform features and Flutter mobile app migration.

**2026 – present**
### Mid-level .Net Developer
Yangon, Nay pyi taw - **Trustlink Myanmar**

Collaborating with team members to develop enterprise applications and backend APIs for various client and government projects using C# and .NET. Working with Microservices Architecture, RESTful APIs, database integration, and system maintenance while implementing features based on project requirements.

## About Me

Full-Stack Developer experienced in Laravel, C#/.NET, React, Vue, and Flutter. Experienced in REST API development, Microservice development, database systems, Docker, Linux, and cloud infrastructure. Interested in building reliable and scalable software through hands-on development.

## Skills

- Backend – Laravel, C#/.Net, Microservice
- Frontend – React.js, Vue.js
- Mobile – Flutter
- DevOps – Docker, AWS, Linux, Git
- Database – Microsoft SQL Server, MySQL

## Language

- Myanmar
- English
